Education

Anil Neerukonda Institute of Technology and Sciences	2023–2027
Bachelor of Technology in Computer Science and Engineering (AI&ML)	CGPA: 8.07/10
Andhra Pradesh Model School & Jr College,	2021–2023
Board of Intermediate Education A.P. (12th Standard)	Score: 914/1000
Andhra Pradesh Residential School	2020–2021
Board of Secondary Education (BSEAP) (10th Standard)	Marks: 583/600

Technical Skills

Languages: Java, Python, C

Web Technologies: HTML, CSS

Big Data & Databases: SQL, NoSQL

Developer Tools: Git, VS Code, MS Excel, Canva

Relevant Coursework: Data Structures, Algorithms, Operating Systems, Computer Networks, Cloud Computing, AI&ML Fundamentals

Soft Skills: Analytical Thinking, Problem-Solving, Teamwork, Communication

Projects

COVID-19 DATA ANALYSIS USING DATA SCIENCE | Python, Pandas, NumPy

Analyzed global COVID-19 datasets using Python-based data science tools. Performed data cleaning, preprocessing, and exploratory data analysis (EDA). Identified trends in confirmed cases, mortality rates, and recovery patterns. Built visualizations and interactive plots to present insights clearly. Generated actionable insights to understand pandemic progression

EXPENSE TRACKER | React.js, JavaScript, HTML, CSS, MySQL

Developed a web-based Expense Tracker application supporting CRUD operations for financial transaction management. Built a dashboard that tracks income, expenses, and balance across 10+ expense categories. Integrated MySQL database for persistent storage and retrieval of 1000+ test transaction records. Designed a responsive interface compatible across desktop, tablet, and mobile devices.

AUTOMATIC STREET LIGHT SYSTEM | Arduino, LDR Sensor

Designed and developed an automatic street lighting system using Arduino. Implemented LDR sensor to detect ambient light levels. Automated switching: lights turn ON in low light and OFF during daytime. Improved energy efficiency by eliminating manual control. Demonstrated basic embedded systems and hardware programming skills.

Achievements

- Selected under INSPIRE-MANAK (DST, Govt. of India) and awarded ₹10,000 for developing an Automatic Street Light System prototype based on LDR for energy conservation.
- Achieved 9th rank in state level Mathematics Olympiad
- Zonal Rank 11, International Rank 762 - SOF International Science Olympiad (2022-23), AP

Certifications

- Prompt Engineering (Future Interns)
- SQL and Relational Databases (IBM)
- Programming with python (simplilearn)
- Machine Learning (Codetech)
- Artificial Intelligence (Infosys springboard)

Position of Responsibility

Elected School Pupil Leader (SPL) (Class 9)

Elected by both students and teachers to represent the student body and coordinate school activities
